The East San Gabriel Valley Regional Occupational Program & Technical Center (ROP) agrees to allow the student identified above ("Student") to use the district's technology to access the internet and intranet (referred to collectively as "the Net") under the following terms and conditions:

1. **Conditional Privilege.** The Student's use of the district's access to the Net ("District Net Access") is a privilege conditioned on the Student's agreeing to the terms of this agreement and on the Student's abiding by this agreement. No student may use the District's access to the Net unless the Student and his/her parent or guardian have read and signed this agreement.
2. **Acceptable Use.** The Student agrees that he/she will use the District's Net Access for educational purposes only. In using the Internet through the District's Net Access, the Student agrees to obey all federal and state laws and regulations. The Student also agrees to abide by any Net use rules instituted at the ROP or class, whether those rules are written or oral.
3. **Penalties for Improper Use.** If the Student violates this agreement and misuses the District's Net Access, the Student may be subject to disciplinary action, revocation of the Student's access to the Net, as well as legal or criminal action where appropriate.
4. **"Misuse of the District's access to the Internet"** includes, but is not limited to, the following:

 - (d) accessing "chat lines" unless authorized by the instructor for a class activity directly supervised by a staff member;
 - (e) using abusive or profane language in private messages on the system; or using the system to harass, insult, or verbally attack others;
 - (f) posting anonymous messages on the system;
 - (g) using encryption software;
 - (h) wasteful use of limited resources provided by the school including paper;
 - (i) causing congestion of the network through lengthy downloads of files, or by engaging in idle activities;
 - (j) vandalizing data of another user;

5. No Expectation of Privacy. The Student and parent signing below agree that if the Student uses the Net through district access, that the Student waives any right to privacy the Student may have for such use. The Student and parents agree that the district may monitor the Student's use of District's Net Access and may also examine all systems activities the Student participates in, including but not limited to e-mail, voice, and video transmissions, to ensure proper use of the system. The District may share such transmission with the Student's parents.

6. No Guarantees. The district will make good faith efforts to protect students from improper or harmful matter which may be on the Internet. At the same time in signing this agreement the parent and Student recognize that the district makes no guarantees about preventing improper access to such materials on the part of the Student.

7. District Held Harmless and Promise Not to Sue. In order to protect itself from future lawsuits where a student or parent alleges that the student suffered some kind of injury because the student used the District's Net Access, the district requires that the student and parent promise to forego such claims against either the ROP, member school districts or its employees in return for being allowed to use the District's Net Access. Therefore, the Student and parent agree to hold the ROP and its employees harmless from any claim or liability arising out of or resulting from the Student's use of the District's Net Access, even though the nature, extent, and seriousness of such claims are currently unknown. In other words, the student and parent agree that they will not sue the school district or any district employee over any claim which comes about as a result of the Student's using the district's Internet and Intranet access. By signing this agreement the parent and student waive any such claims which may occur in the future, whether they are now aware of how the student could be injured by using the Net, or the extent of such alleged injury. In doing so the student and parent waive any protection they have under Civil Code section 1542 with regard to claims arising from the student's use of District Net Access.

That law reads as follows:

A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the creditor.

8. Signatures. We, the persons who have signed below, have read this agreement and agree to be bound by the terms and conditions of this agreement.
